

30 July 2024

To whom it may concern,

I am writing in support of Jason Haptoms grant application to continue to develop his writing work.

Jason has been developing the opportunities to write and applying for residencies and fellowships to complete his memoir of his families stories.

NT Writers' Centre is a community of writers and storytellers committed to developing and celebrating the diverse literary culture of the NT. We want Northern Territory writers to be recognised as distinct storytellers in the nation's literary culture.

NTWC offers a diverse program of literary activities to encourage and support writers across four program areas: an annual program of writers development workshops and residencies; the NT Writers Festival; prizes and awards; and supporting authors towards publication.

NTWC thinks that this story deserves to be supported so that it can be told.

Sincerely

A handwritten signature in black ink that reads 'SezzaJai Sykes'.
